

Severfield (Design & Build) Ltd is a UK based company which designs and erects all types of steel framed buildings, structures and components.

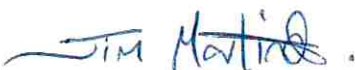

Company objectives are centred on supplying products that meet the needs and expectations of our customers in all respects of quality, cost, performance, safety and reliability.

To achieve these objectives a Safety Management System (SMS) has been implemented that satisfies the requirements of BS OHSAS 18001:2007. The SMS is maintained by a regular series of internal audits, an annual management review and independent external audits.

Severfield (Design & Build) Ltd understands the importance of and its responsibilities for the health, safety and welfare of its employees, sub-contractors and others who may be affected by its operations and will, so far as is reasonably practicable, undertake to provide and maintain the following objectives:

1. As a minimum comply with all the relevant Health & Safety legislation which affects the business.
2. Communicate with all stakeholders to reduce operational risks throughout the business.
3. Provide & encourage leadership throughout all levels of the business to ensure that all of the policy objectives are clearly communicated, understood, achieved and maintained.
4. A commitment to review operations to identify areas of improvement.
5. An annual review of this policy and its effectiveness.
6. Adequate & suitable information, instruction and training.
7. Commit to incident prevention and actively investigate any incidents which may arise to prevent any reoccurrences and where necessary report to enforcing or regulatory authorities.
8. The company will undertake reviews of the business risks and keep records of such reviews, ensuring these accurately reflect all of the operations of the company.
9. Safe plant & equipment in safe working places with safe access and egress and safe systems of work (SSoW).
10. Safe provisions for the use, handling, transport and storing of materials, articles and substances.
11. Arrangements to monitor, measure and control, in compliance with statutory regulations.
12. A working environment safe and free from risk to health.
13. Adequate facilities and arrangements for the welfare of employees at work.
14. Risk assessments which will identify and assist to control all hazards to which those affected by its operations are exposed.

The Managing Director has ultimate responsibility for this policy, however all employees have responsibilities within this policy (and associated documentation) and as such are required to implement the objectives set out in this policy

Jim Martindale
Managing Director
